

POLICY STATEMENT

Ensure that all Equipment complies with relevant safety and regulatory requirements.

Ensure that all Equipment complies with relevant safety and regulatory requirements.

Ensure all equipment meets and/or exceeds heir published specifications.

Maintain our product and service business management systems and continually improve them.

Continually monitor the quality of our customer interactions, with the intent to improve our customer's total experience.

Establish quality requirements for suppliers, partners and contractors and hold them accountable to comply.

Treat Customers in accordance with Wilken Telecommunications' standards of business conduct and privacy policies.

ENVIRONMENTAL POLICY

We will ensure that all aspects of our activities are conducted in accordance with sound environmental practices. We will achieve this by: minimising the consumption of natural resources & energy, whilst consuming material goods in moderation reducing the creation of waste by the adoption of improved operating practices and by the recycling of materials whenever practical.

Ensuring all waste and effluent is disposed of in a safe and responsible manner. Constantly developing partnerships with Manufacturers and suppliers that have invested in the development of new products and processes that have an improved performance regarding their impact on the environment. Complying with the environmental legislation.

Wilken Telecommunications aims to foster among its staff, suppliers, clients, shareholders and communities local to its operations and understanding of environmental issues in the context of its business. Our collective task is to ensure that we continually improve the environmental impact of our activities.
